Summary

As a high school student, Ryuunosuke's daily life is hectic However he is actually a "wizard" who protects the world from extraordinary cases This causes him trouble and seems to attract all kinds of danger such as his unique constitution causing him to transform into a girl whenever his chest throbs Ryuunosuke the magician Mayur Vanstain and the cat-person Ageha form a party to search Kimei Academy together Their goal is to retrieve the Jewel of Wisdom hidden within the school It seems the jewel's ability is to answer any question when used Our heroes find themselves surrounded by the scheme of the masked student council president Takakura who is also aiming for the jewel Now he's taken the students of the academy hostage as part of his deplorable 'plan'

Fujiwara Ryuunosuke

A wizard attending high school at Kimei Academy. He class is dragon user. Due to his constitution, he changes into a girl when his heart throbs.

Mayuri Vanstain

A wizard attending Kimei Academy as an exchange student. Her class is mage. She is searching for the seven jewels per a certain woman's orders.

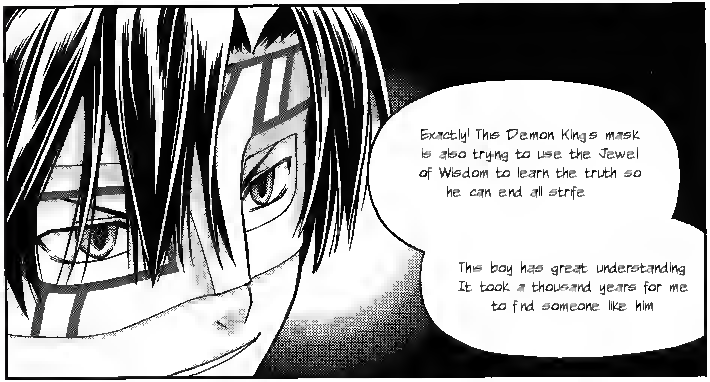
Ageha

Another wizard who came to Kimei Academy in search of the jewel. Her class is cat-person (werewolf). She's the cool military type.

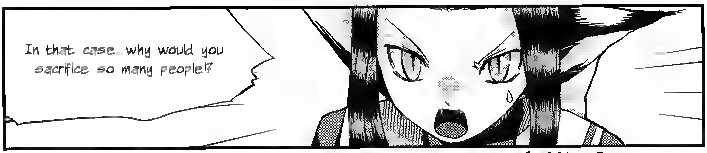
This boy happened to be born into a family of wizards
He acquired superior mental and physical abilities
But, that day, he was terrified when he learned the truth about the Emulators that threaten the world.
He learned the truth that he was born to fight on the front lines of that terrible battle. He was afraid of having to protect the world only to die and be forgotten.
He watched as his parents and everyone close to him went to battle, only for them to all die one by one.
However, what he didn't realize was that, after each person died, nothing remained to prove they existed.

Was that really acceptable?

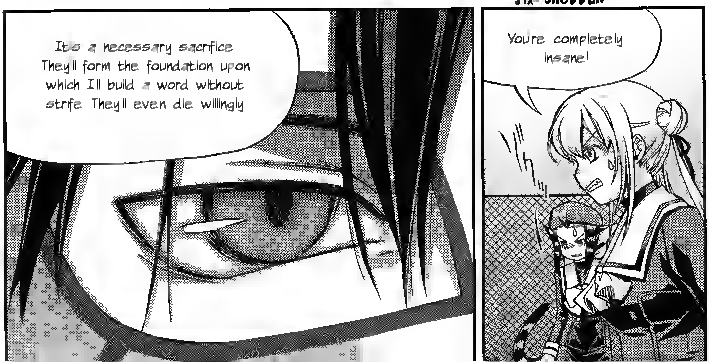
Thus I formed a contract with the mask. Once I know everything I'll eliminate all strife from this world.
So then, does that mean Khamen has the same goal?



Exactly! This Demon King's mask is also trying to use the Jewel of Wisdom to learn the truth so he can end all strife.
This boy has great understanding. It took a thousand years for me to find someone like him.



SFX: SHUDDER



It's a necessary sacrifice. They'll form the foundation upon which I'll build a world without strife. They'll even die willingly.
You're completely insane!

Character Introductions

Kashi Tamami

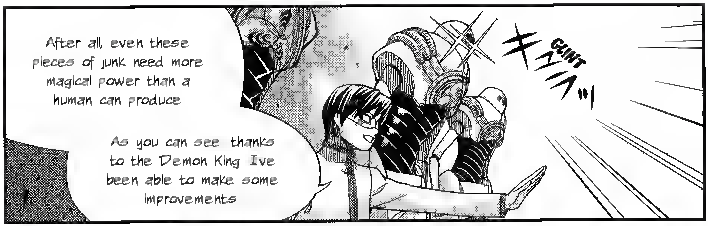
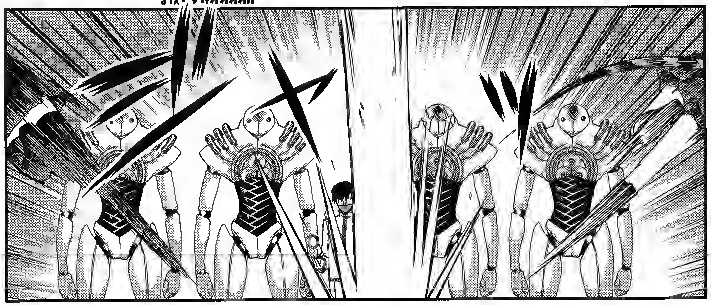
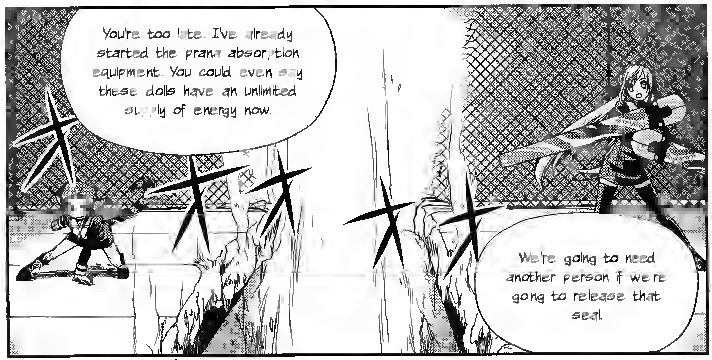
sfx: WSSSSN
This is a synthetic soldier. They were previously made to serve as partners for wizards. The Takikuras are a distinguished family of wizards. Whether it be in domestic government, in foreign government or through force, we show our strength.
So you used your political influence to scatter prana absorption equipment throughout Kanto!
I didn't just scatter them randomly like a fool. I have a plan.



After all, even these pieces of junk need more magical power than a human can produce
As you can see, thanks to the Demon King, I've been able to make some improvements
GRUNT

SFX: VWAAAAH





You're too late. I've already started the prana absorption equipment. You could even say these dolls have an unlimited supply of energy now.
We're going to need another person if we're going to release that seal.

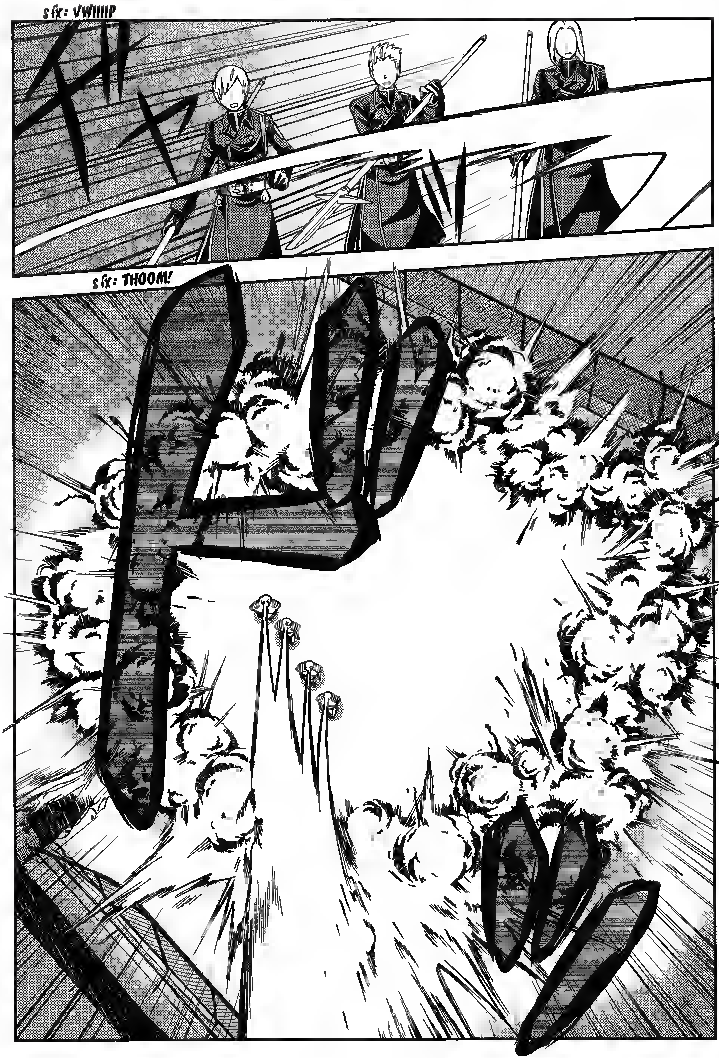
Their attacks will never hit me
And now



SFX: VWHHP
SFX: THOOM!

In an instant even 50 elite units
I wanted to avoid using that until showtime but it was necessary to defend myself
That magic caused at most 200 to 300 innocent people to cease to exist
I am still keep going
